

The efficiency of various forms of activities in Russian summer camps

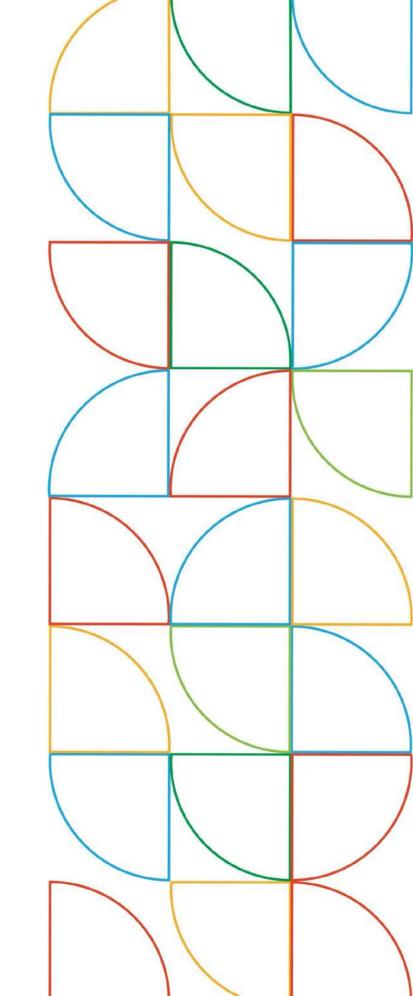

Oksana Saveleva

Children's holidays in Russia

- 1. Camps that operate year-round
- 2. Summer camps
- 3. Tent camps

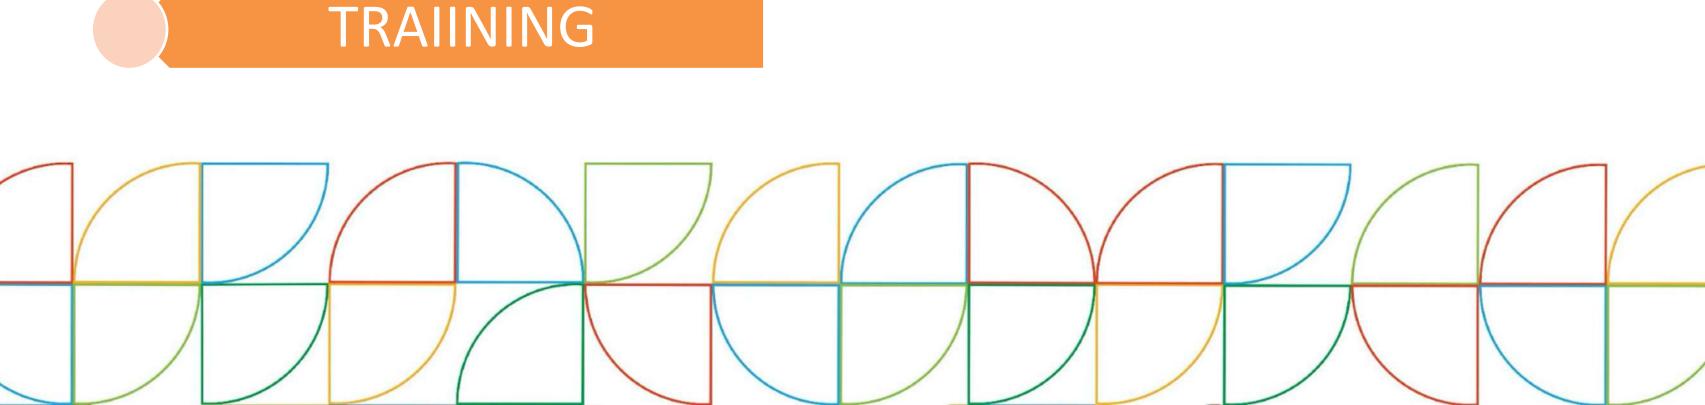

There are about 4,000 children's camps in Russia

Children's holidays in Russia

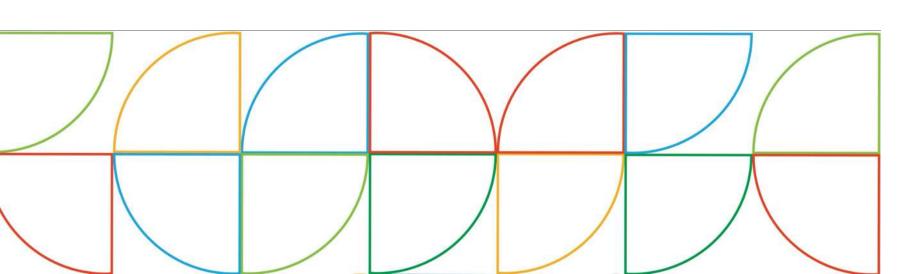

MANAGEMENT

FUNDING

Topicality

The number of parents who have a child camp experience is decreasing

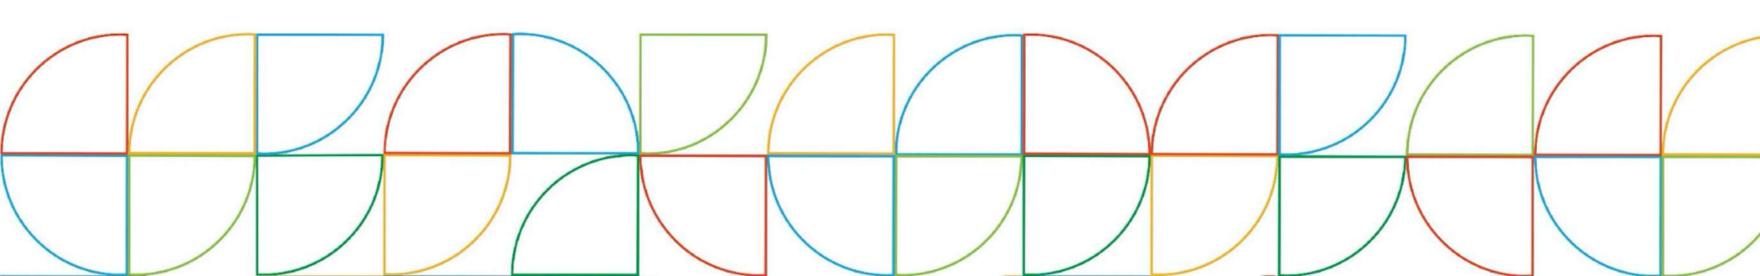

Research organizers

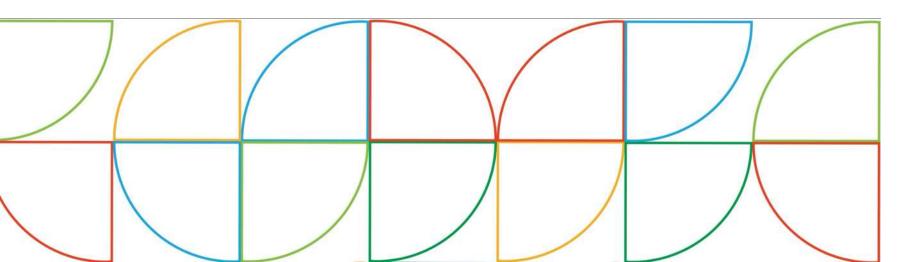

Research plan

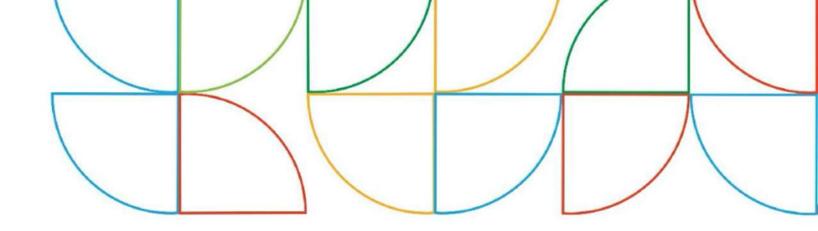

```
2022 year – «Effects of children's camp activities»
```

2023 year - «Image of a modern counselor»

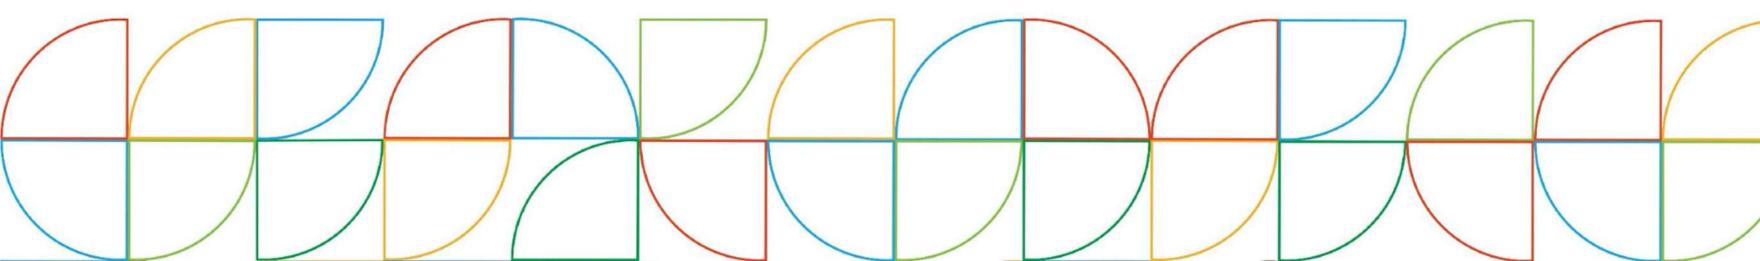

2024 year - «Image of a modern children's camp director»

Research aim

Determine the effects of summer camp activities through children's attitudes toward personal development opportunities during their stay in the camp

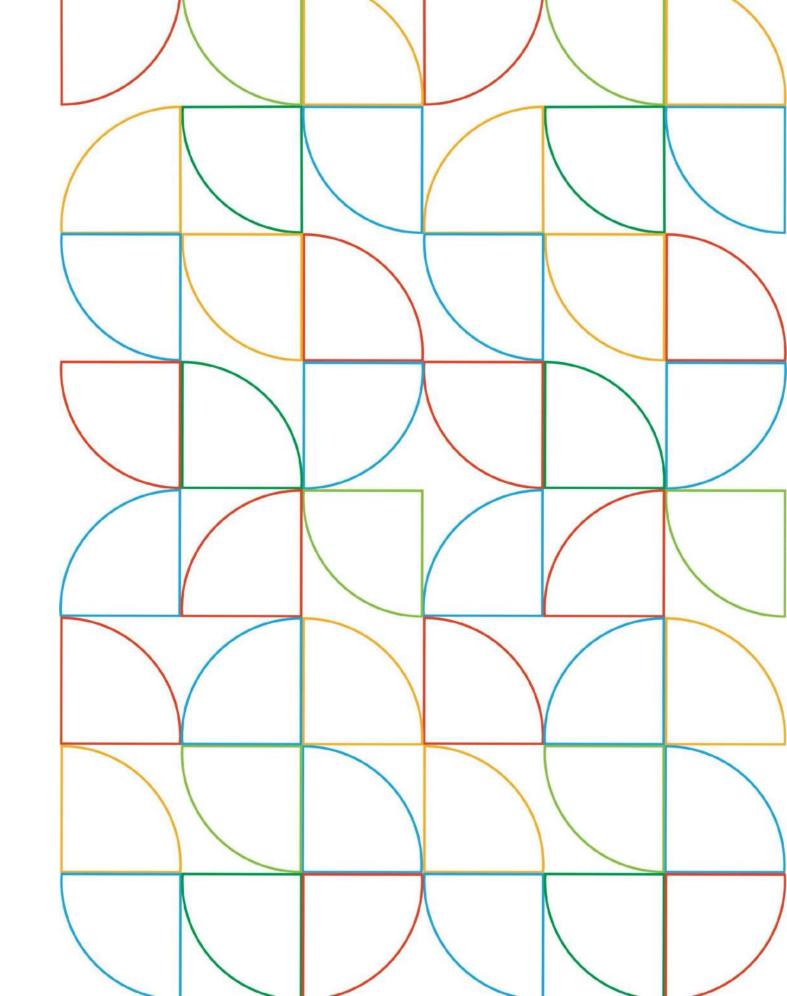

Data

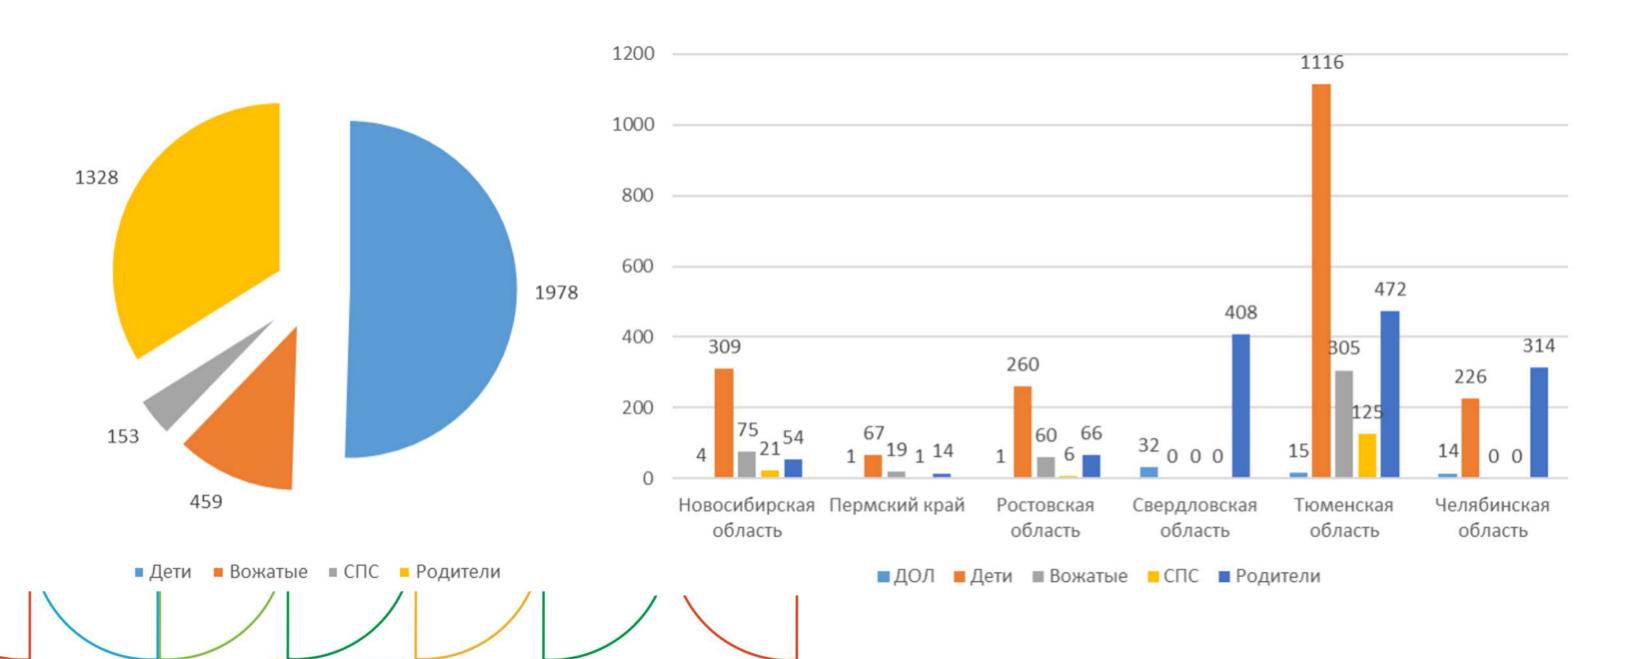

67 summer camps 6 regions in Russia

Respondents 3918 people, including:

1978 children 459 camp counsellors 153 camp directors 1328 parents

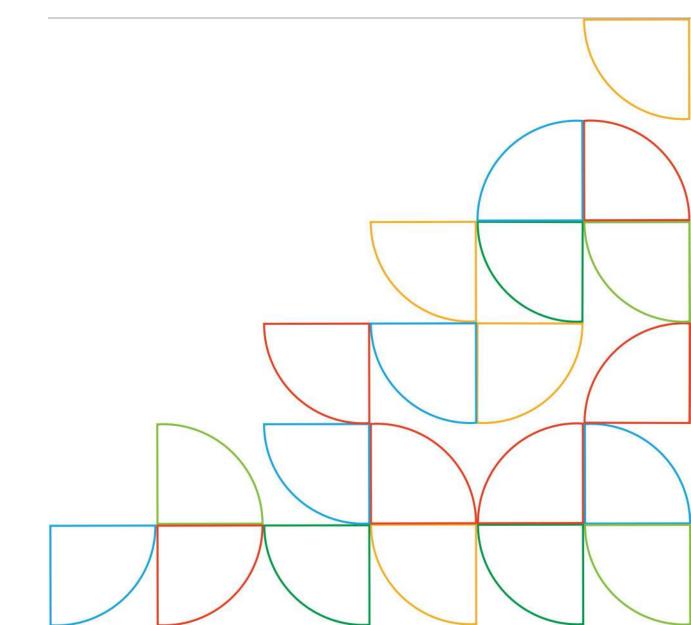

Groups of respondents by regions and social groups

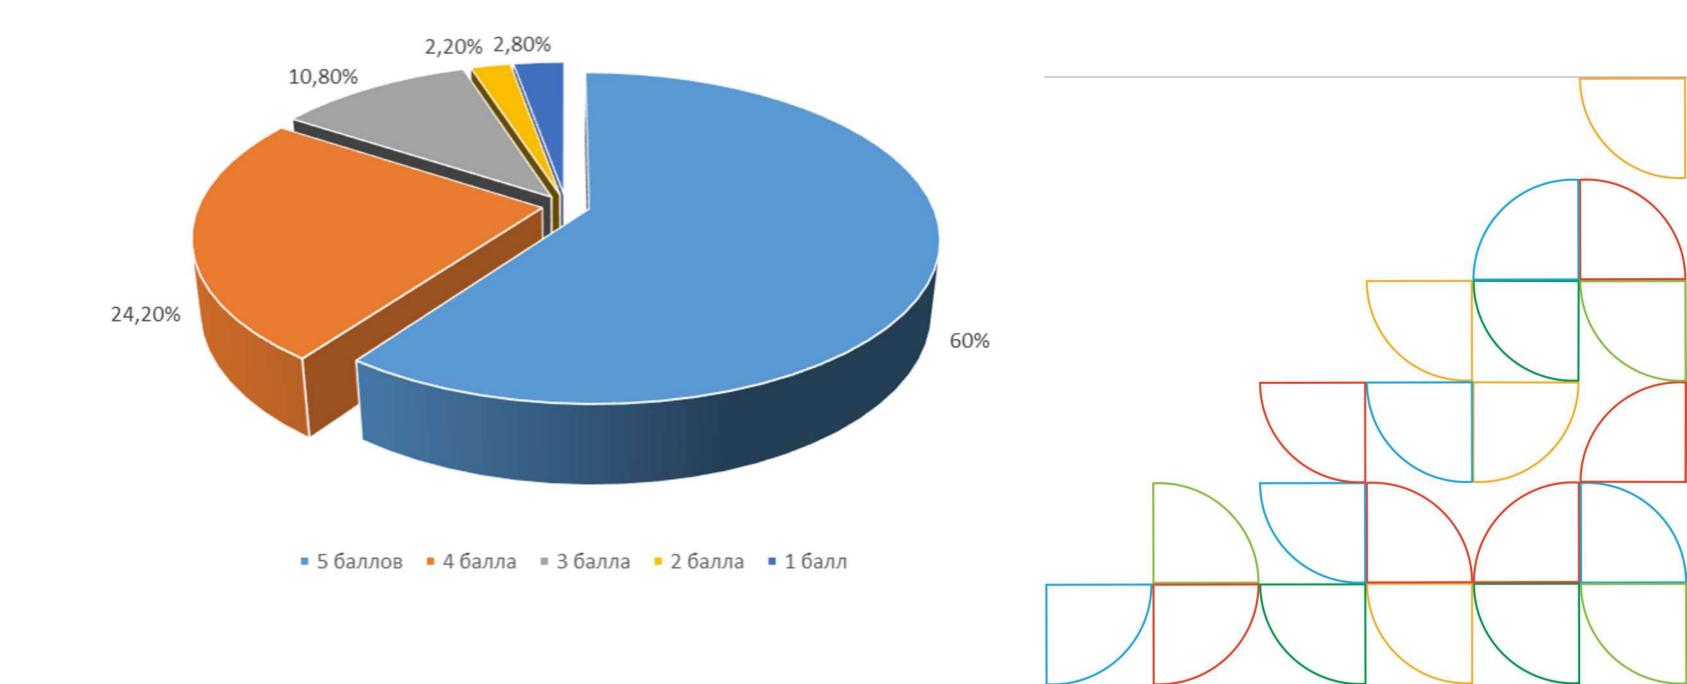

The result of the survey about personal qualities that children can develop during their stay at a summer camp

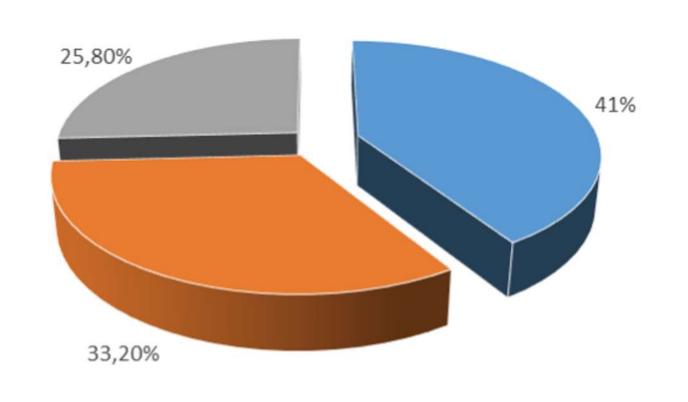

Parents' assessment of children's personal development after the camp (on a five-point scale)

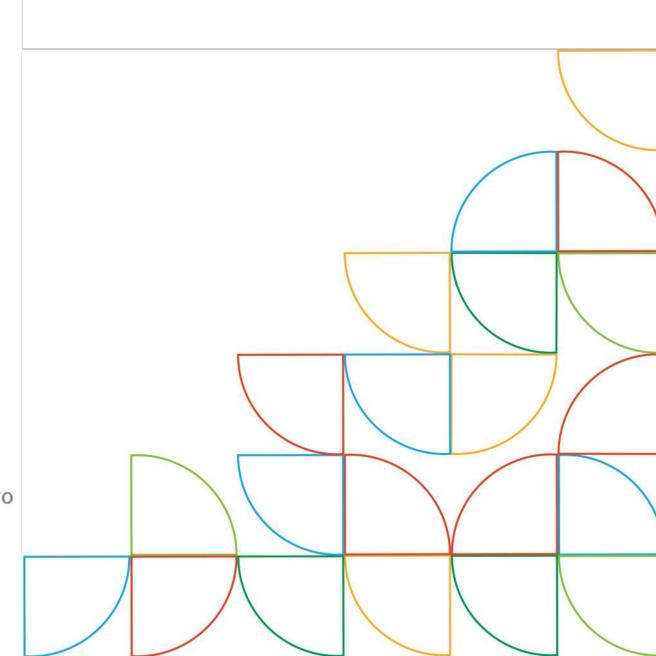

The result of the survey answers to the question about getting new knowledge in the camp

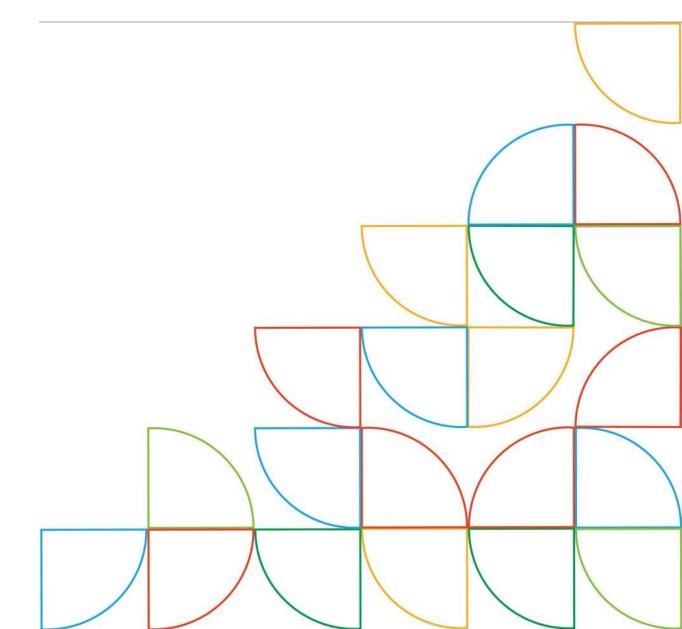

Я получил в лагере новые знания, но немного

Я не получил в лагере новых знаний и умений

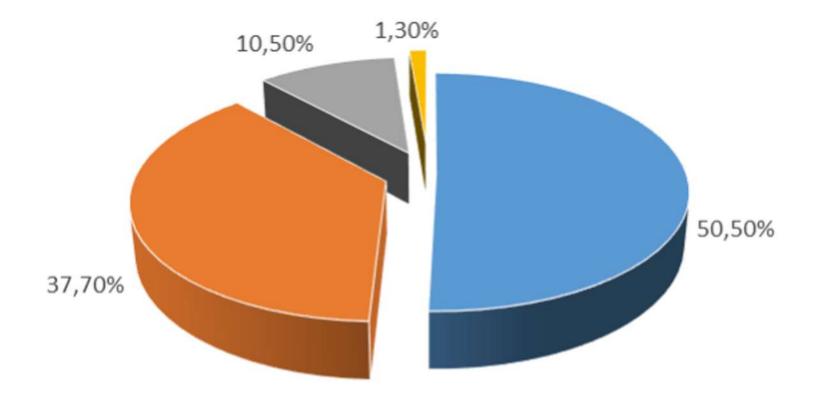

Respondents' views on where they acquired new knowledge

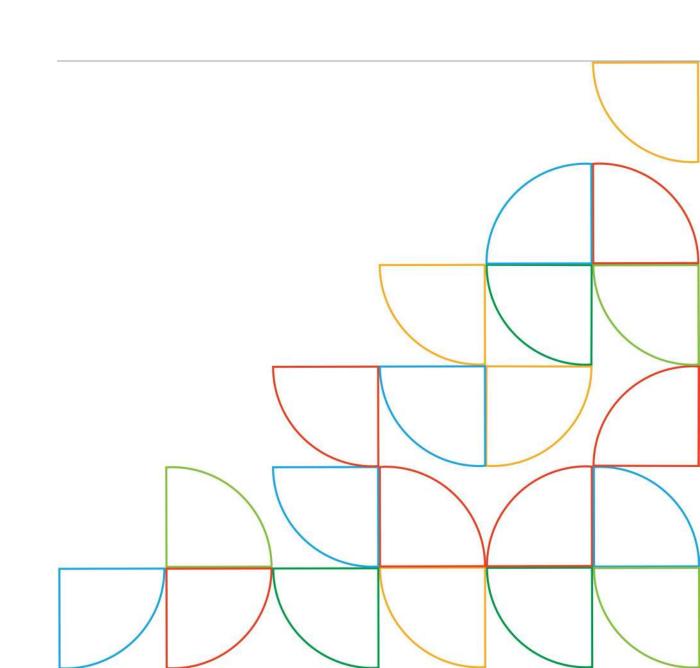

The result of the survey answers to the question about using new knowledge in daily life

- Частично, думаю, что что-то из того, что я узнал может пригодиться
- Нет, в жизни мне это не пригодится
- Затрудняюсь ответить
